

ARKOS SLIK MP Grease

ARKOS SLIK MP is a lithium soap based grease formulated to provide outstanding mechanical stability. It is a multipurpose grease developed for use in variety of operations. **ARKOS SLIK MP** has right amount of tackiness to ensure that the grease stays put on surfaces there by maintaining good lubrication throughout the service period.

Benefits

- High Drop Point
- Good thermal stability
- High oxidation stability
- Protection against Rust and Corrosion
- Excellent water resistance properties.

Applications

ARKOS SLIK MP is designed and produced for general automotive lubrication e.g. wheel hubs, bearings, water pumps, generators, starter motors, chassis etc. Recommended for all classes of service in automotive lubrication. Also can be used for Industrial applications where multi-purpose grease meeting NLGI 3 consistency is recommended.

Performance Specifications

ARKOS SLIK MP meets the requirements of the following specifications

- IS 12203: 1987 (Re-affirmed 1993)

Characteristics (Typical Values)

ARKOS SLIK MP		
TEST PARAMETERS	METHOD	TYPICAL VALUES
NLGI grade	-	3
Structure	-	Smooth
Soap	-	Lithium
Penetration	@25°C, 60 stokes	220 – 250
Drop point	°c, min	180
Rust test	-	Pass

Note: Always consult your owner's manual to check for recommended viscosity grade and specifications of oil for your particular vehicle/machine/equipment.
